CONTINGENCY PLAN

RALI VINHO DA MADEIRA 2021

The Direction of Club Sports Madeira and the Organizing Committee of the Rali Vinho da Madeira, following the Resolution 326/2021 of the Plenary of the Regional Government of Madeira and the Contingency Plan approved by the Health Authorities for sports competitions organized within the scope of Portuguese Automobile and Karting Federation, implements the following Contingency Plan, to be in effect during the Madeira Wine Rally 2021, in all competition areas;

The success of all preventive measures, defined in the Contingency Plan, depends on the availability of all spectators to collaborate with the organization of this International Event, and this Plan can be updated according to the evolution of the outbreak of COVID-19;

BASIC MEASURES

1 - Club Sports da Madeira adopts the principles of responsibility, discipline, control and monitoring of all actions, rules, and legal requirements of the National and Regional Health Authorities, in the organization of the RVM 2021 Sports Event;

2 - Trust in the good sense of all members of the organization, competitors, assistance teams and the general public and their conduct and sense of responsibility when staying in different areas of the RVM 2021 Sports Event, namely, regarding social and physical distance, hygiene and personal cleaning and the compliance with the Public Health rules, in force, because as proven, the virus is transmitted mainly by direct contact;

3 - Trust, also in the knowledge of all, of the legislation in force, national and regional, which regulates the automobile competitions, in open spaces, for an effective fulfillment of the preventive measures of Public Health, namely regarding the use of masks and the distance social, by all adepts and spectators;

4 - A maximum number of spectators and audiences cannot be imposed in a given open space, nor can any limitations be placed on the length of stay. Instead, we appeal to the responsibility and personal discipline of each one, so that everyone can watch, without restrictions and in a space of freedom, conviviality and leisure, the passages of competitors on the road, when the Special Classification Tests are held at RVM 2021;

5 - If there is an excessive number of spectators in a given area, which may compromise the compliance with the defined rules of physical and social distance or the security of the event, they will be warned, to be dispersed by elements of the Organization and the Police of Public security. If the situation persists, it will be reported to the The College of the Sportive Stewards, who may decide to cancel the Special Stage Classification, for public health and safety reasons;
