SOS MEDICAL REQUEST

⚠️ + 🚙

We will have to confirm if we need a doctor and then wait for instructions from race control. Approaching vehicles will receive an SOS on their screen. The first two vehicles to arrive must press the SOS alert on their stella, and help the injured crew.

SOS alert should not be sent in cases of minor accidents, breakdowns or any circumstance that does not involve danger to the participants.

CAUTION, STATIONARY VEHICLE

Powered by anubesport®

⚠️ If within a timed section we have a breakdown, we will press the red button for at least 3 seconds until a triangle appears on the led screen. We will send the race management the message that best suit our situation. This alarm will warn nearby vehicles to prevent a possible collision.
