**Aprovado em 14/11/2024**

### Amendments to the Supplementary Regulations of the Rally (new)

#### Art. 4.5

For vehicles in Promotion Categories A, B and C, expired buckets will be allowed, provided they have been homologated for TT and are in good condition, have no deformations or cuts and the attachment points are the originals.

The same applies to seat belts, which must have a minimum of five supports.

The sliding rails of the original buckets are allowed as long as they are fixed to the original points provided by the manufacturer or fixed to the vehicle body in accordance with Art. 283.20 of Annex J of 2024. The attachment of the buckets to the rails must comply with the same article. The sliding rails must be locked once they have been adjusted to the driver.
