

E3 - TECHNICAL INDICATIONS

GENERAL

Below, we provide guidelines for utilizing the technical area efficiently through **SICCOM (Sistema Integral de Control de Competiciones)**. Access the platform here: <https://siccom.piedrafita.com/SICCOM/>

To begin using **SICCOM**, please refer to the attached simple help guide outlining the initial steps required for navigating the web platform.

Key features of the **private zone** include:

- Event management area tailored for team use.
- **Driver Safety Equipment Wardrobe.** The current system allows you to register all the safety equipment in your possession, creating a personal record in the wardrobe. We recommend uploading all your safety equipment to your private area in SICCOM. You will only need to assign to the Championship Safety Equipment Form the items intended for use at the first event. For subsequent events, the form can be easily updated (with just a few clicks to add or remove items) should any changes occur.
- Authorization of access to the private area for third parties.
- Control Dashboard for managing technical actions during the event, including pre-event scrutineering, weight checks, tire marking display, tyre verification, weighing visualization, and a pre-event scrutineering checklist.

Additionally, the platform features a notification system for monitoring security element expiration, aiding in timely replacements.

Please note: *To access your participant area correctly, register using the NIF/DNI used in Podium or during registration as follows:*

- Drivers: Personal ID.
- Teams: Team NIF.
- Non-competitor teams: Access is granted upon competitor authorization in their private area under the authorize option.

If not registered yet, please do so promptly to manage your private area before the event commences.

For any inquiries or technical assistance, contact the SICCOM development team at siccom@piedrafita.com

EVENT

We would like to bring your attention to the following points:

1. **Scales Opening Time:** Unless otherwise specified, the scales will be open from **08:30 AM** on each **Friday of the relevant event weekend**. Any deviations from this standard timing will be communicated via Sportity.
2. **Technical Scrutineering:** Technical scrutineering will take place in the teams' boxes/tent.

The pre-event Scrutineering order will be as follows:

1. Double R
2. Campos Racing
3. GRS
4. TC Racing
5. Palou Motorsport
6. Drivex
7. Hitech
8. Tecnicar
9. MP Motorsport

It is important that your vehicles are ready for inspection during this time. Pay close attention to the following items:

- **Compulsory Advertisement:** Ensure that your vehicles comply with the advertising requirements outlined in **Annex 2**.
 - **Fuel Cell:** Please have the original fuel cell certificate readily available. If the original is not accessible, please contact the manufacturer promptly to resolve this issue. Vehicles without the original certificate or a valid equivalent (communication with supplier or similar) will not be compliant.
 - **Extinguisher System:** The extinguisher system must be ready for its inspection.
3. **Drivers Safety Equipment** checks for all new drivers or new equipment for current drivers will be carried out at our **Technical Tent on 01/05/2026 from 12:00 to 13:30**. Please make sure to have all equipment available. Participants that do not follow this procedure will not be compliant.
 4. **Engine and Turbo seals declaration form** must be submitted to the emails stated on the form before **Qualifying**.
 5. **Drivers' height jig** will be available for all teams throughout the weekend.
 6. **Regulations** can be found in the Drive shared by the Promoter.
 7. The **vehicle scales** are positioned to weigh the cars with the front axle facing outwards. Please enter **rearwards**.

8. The **driver scale** is positioned next to the Scrutineering Table. Drivers will not be weighed on the vehicle scales.

9. The **driver scale** is in the **Technical Tent** throughout the weekend, except during the podium ceremony. During the ceremony, it will be available next to the **Podium Parc Ferme area** until its conclusion.
